Anahgat Team– Project Details

- Project Name: Binnavote
- Objective: deploying SMART bins that aid in plastic collection for further recycling
- Mentor: Ho Geer How

Progress with Mentor over 6 months

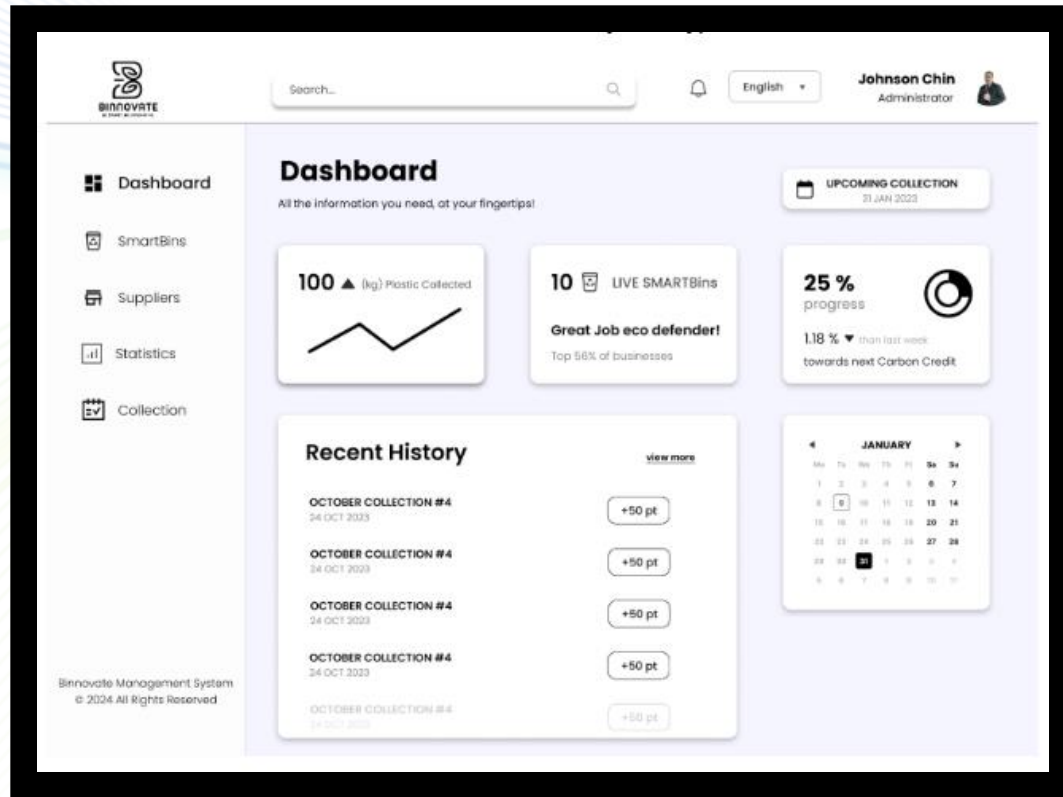

Mr. Ho Geer How

- Re-defined the existing waste management problems and how Binnovate AI-inserted Smart bins can address
- Conducted opportunity analysis to evaluate the potential impact and market gap assessment
- Analyzed the market landscape and target audience to identify market trends and competitors
- Assessed the technical viability of AI-inserted Smart Bins and crate initial design and technical assessment
- Validated the market needs through google survey forms and had a discussions with a total of 12 MSMEs
- Developed a comprehensive marketing strategy and defined marketing goals
- Explore the environmental benefits and potential carbon credits to efficient waste management
- Developed a functional prototype of the AI-inserted Smart Bin
- Developed a comprehensive business model and crafted detailed business plan and revenue model

What is we do after 2023 ACIYLS:

Milestone 1 (15 January 2024)

Business Research Paper pt.1

- Throwaway Prototype (No-Code Interactive prototype of the web application)

What is we do after 2023 ACIYLS:

Milestone 2 (15 March 2024)

Terminal Output of the application generating and filtering bins to collect

Business Research Paper pt.2

```
$ node generate-bins.js & node filter-bins.js
[1] 1690
✅ Bins filtered and status updated succesfully!

Bins with status "collect": [
  {
    _id: new ObjectId('66065a23b088b59e60991285'),

Curious Potato Talk Series #19

Green Skills for a Sustainable Future - 26th May

"The Curious Potato event equipped me with the green skills and motivation to drive meaningful change. The insights from the diverse panel challenged my perspectives and left me feeling empowered to integrate sustainability into my career and community initiatives. I'm grateful for the connections I made and look forward to collaborating with this inspiring community." - Sievle Chivyt
